

*Year 1: Term 5*

*Our exciting theme for this term is*

*Into the Secret Garden.*

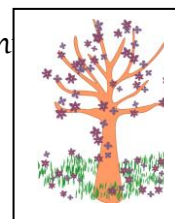

**English:** We will be reading a range of stories about being outdoors, including The Gruffalo and Little Red Riding Hood. The structure of stories, punctuation, adjectives and connectives are continually examined. Joined up handwriting has been introduced and will be developed further. We are focusing on developing spelling within our writing and Phonics lessons. Children will read weekly within our Guided Reading sessions, where we focus on Comprehension skills and reading with intonation and pace, as well as recognising the words being read aloud.

**Maths:** Again we are following the new National Curriculum. Counting in 2's, 5's, 10's is being continued. We will focus on 3D shapes, multiplication, division, money, fractions, addition and subtraction.

**Science:** Spring is finally here so we shall focus on looking at different types of seeds, plants, flowers and trees. We shall look at the different parts of them and how they grow.

**PE:** Our PE will continue on a Tuesday and Thursday. Please remember to still send outdoor winter kit: jogging bottoms, top, trainers and gloves. Please remember to pack a spare pair of socks and make sure everything is clearly named. Now is a good time to re-check names as some have either washed out or worn off.

**Geography:** Our main focus will be contrasting Hartley and London. We shall be looking at maps and directional language as well as human and physical features in places.

**Art, DT, Music, ICT:** (including Internet Safety) will continue to be linked in with our Topic. Our Role Play area will be a Garden Centre.
