Staffing costs	<p>Releasing PE Coordinators to organise <u>internal and external virtual competitions.</u></p> <p>In 2018/2019, £3794.85 was spent on releasing staff to allow children to compete in competitions against other schools. Sadly, over the past two years we have not been able to attend many sports competitions because of COVID-19. We are hoping to be able to attend a variety of sports competitions this year so have set aside £4000 to help us to achieve this.</p> <p>We have projected this amount to try and further increase competitive opportunities for HPA children.</p> <ul style="list-style-type: none"> ● Increased participation ● Broader experience of a range of sports 	£3000	
Travel costs for competitions	<p>We will use some of the funding to hire coaches to travel to some of the larger sports competitions in the summer (Covid permitting). This will enable us to involve more children and take more teams to compete. We may also need to fund transport for additional swimming sessions for UKS2 children.</p> <ul style="list-style-type: none"> ● Increased participation ● Achieve the KS2 target of pupils being able to swim 25. 	£1500	More children will be given the opportunity to take part in some of the larger sports competitions.

Year 5/6 booster Swimming lessons	<p>We are planning on using some of the sports funding to help those children in Year 5 and 6, who can not swim 25 metres, to have booster swimming lessons in order to meet this end of year 6 expectation. We hope that this will be able to take place in summer 2022.</p> <ul style="list-style-type: none"> • Achieve the KS2 target of pupils being able to swim 25. 	£3000	We will monitor closely the development of swimming lessons in Year 2,3 and 4. We will set up recording methods to show progress made by children in swimming and the distances they are able to swim.
Outside coaches	<p>We are hoping to spend a proportion of this year's money by providing coaches to offer children the option to participate in after school clubs once after school clubs are back up and running.</p> <p>We are also looking at hiring Take Pride coaches to provide after school sports clubs in addition to what we receive as part of our membership. We are hoping to provide a wider variety of sports after school clubs in order to help us achieve the Silver/Gold School Games Mark.</p> <ul style="list-style-type: none"> • Increased participation in after school sports clubs 	£1500	Children are offered a wider variety of sporting opportunities which will provide them with the chance to find a sports activity that they enjoy and hopefully continue to participate in outside of school. Staff will be able to observe after school clubs and gain knowledge and understanding of how to run these sporting clubs for the future. This will also benefit future PE lessons, as staff will feel more confident when delivering the different sports.
PE Lesson Resources from GetSet4PE	We are looking to extend our membership with the PE planning, assessment and tracking tool - GET SET 4 PE - that will provide teachers with an abundance of useful lesson resources to help them provide high quality PE lessons. It also provides a simple way of tracking pupils progress in PE.	£1500	Staff will develop knowledge and understanding of PE and be more confident and competent to teach high quality PE lessons.
